I have been driving for Uber since August 2013. Riders are thrilled to have a far better option than taxis and drivers are happy to have an opportunity to make money!!

Currently, this is the ONLY income my family of FIVE has coming in!!

Is this what we pay our taxes for? So government entities like the PSC can take away opportunities for South Carolinians??

Will *YOU* hire me?? Will *YOU* pay my rent?? Will *YOU* feed my children??

Just because Uber is not part of an ancient industry that refuses to change (and clearly isn't offering SC government officials kickbacks) does not justify a cease and desist order!

WHY DON'T YOU CEASE AND DESIST?!?!

Dear PSC: Do not stop Uber from operating. They have been an excellent company and have a business model that makes sense in today's world. Their service is superior to other options.

I strongly disagree with your action today shutting them down and request you reconsider NOW.

If we are to be a leader in attracting new business to this state and the Charleston area then we have to be progressive in our thought and actions about how to handle changes in the competition landscape for services.

Banning competition is the wrong way to ensure public safety. Discussion and negotiation is the right way.

Thank you

I am very disappointed in your decision to issue a cease and desist letter to Uber. They provide a great service and operate in a safe manner. If taxi companies feel threatened they should adapt and improve the service that they offer. Taxi's in Columbia are not convenient or consistent in the fares they charge. On New Years Eve some taxies did not run the meter but instead just made up fares when they arrived at their final destination. I stand with Governor Haley and support Uber in the state of South Carolina. Easy access to Uber makes South Carolina a more appealing place to live. Please do what is right for the residents of this state and work to find a solution.

Many Thanks,

Ben May

Forgive me. I sent you an email last wk which read "do cancel uber". I meant to write, "do NOT cancel uber!"

Uber has been excellent here in charleston, sc so far. 2 weeks ago I was leaving a wedding late at night. I could not get a cab anywhere. I was drinking. And uber saved me. I would hate to see it go away!

Over the past several months, I've seen many friends of mine who would typically drink and drive stop because of the availability of Uber.

If the SC government is more concerned about the safety of the roads and not poorly run local taxi companies that don't meet demand and offer lackluster services they should embrace Uber and empower their citizens to make their own decisions.
